2024 GENERAL ELECTION GUIDE

It does not take a majority to prevail... but rather an irate, tireless minority, keen on setting brushfires of freedom in the minds of men." SAM ADAMS

PROPOSITIONS:

PROP 2: NO

This is a \$10 billion bond (a.k.a) tax to be used for school districts that will cost the taxpayers \$7.5 billion in interest over the next 35 years.

PROP 3: NO

Rewrites state Constitution changing the definition of marriage from "between a man and a woman" to "the right to marry is a fundamental right."

PROP 4: NO

This is a \$10 billion bond (a.k.a) tax to be used for climate projects that will cost the taxpayers \$6 billion in interest over the next 40 years.

PROP 5: NO

This guts Prop 13 by making it easier for Sacramento to increase property taxes moving the vote to 55% instead of the required 66.67% to pass.

PROP 6: NO

Allows prisoners to unionize and removes the requirements to work.

PROP 32: NO

Makes state minimum wage \$18/hr. This would be detrimental to small business who are already struggling to survive in this economy. This would continue to drive up costs of everything.

PROP 33: NO

Would appeal a previous law that prevents local governments from passing rent controls.

PROP 34: YES

Prevents the AIDS Healthcare Foundation from spending taxpayer money to fund liberal ballot measures.

PROP 35: NO

This would make a temporary health care tax permanent.
